

## *Brighter Crowborough*

( Crowborough group )

We are a small group of volunteers trying to keep Crowborough litter free and to brighten up the area. So far we have cleared up over 300 sacks of litter and many larger items. We have also tidied up the area in front of the station. We would like to expand the area we can cover but to do this we need more volunteers or fewer people throwing away their rubbish. There is also a small Jarvis Brook group desperately in need of more volunteers.
