

Face coverings must be worn from Monday

Download

From Monday 15 June, face coverings must be worn when travelling by train or other public transport, as per Government guidance.

There are exemptions for certain groups of passengers, including children and those with breathing difficulties.

For full details on face coverings, including on how to make and wear a cloth face covering, please visit the Government's [dedicated website](#)

Only travel by rail if you have no alternative

Please also follow the government advice and only travel by train if you have no alternative. Here's what you can do to stay safe if you do travel by train:

- **Plan ahead** – check before you travel and avoid travelling at peak times.
- **Go contactless** - pay with contactless where possible or buy tickets from home on our website, app or by using The Key (Link) our contactless smartcard.

- **Consider others** – maintain social distancing, respect our staff, and be considerate to other passengers.
- **Stay safe** - Carry hand sanitiser and wash your hands before and after travel.
- **Face coverings** – you must wear a face covering when travelling

Amended timetable in place on Southeastern

We're currently running a [reduced timetable](#) so that vital train services can keep running throughout a prolonged coronavirus outbreak.

Social distancing means there is space for as few as 1 in 10 of the usual number of passengers on our trains. If you can work from home please continue to do so, to help us keep the railway clear for those who need it most.

Visit our website for the [latest travel advice](#).

About us

Southeastern Railway has been running the train service between London, Kent and parts of East Sussex since 2006. We operate one of the busiest and most complex networks in the country, including the UK's only domestic high speed service. We run over 2,000 services every weekday, helping our passengers to complete over 600,000 individual journeys.
